I have been told that you have me in support of the UCSA. And that is not true, I signed a petition that I was told was for the return of money from APS. That is the only one I signed. So please change my vote to oppose the UCSA. I am retired and cannot afford the high price. With the economy the way it is I don't see how you could burden us with more. So please turn down the UCSA.

I am writing regarding the Underground Utilities Project. I voted YES originally to support the project and still do think it would be a great improvement to our property but due to the economy, my finances have dropped drastically. I am in construction and I was just layed off. The future of construction is not looking to good for a few years so my chances off getting another job in my field are slim. I am 59 so a new career path would be pretty slim also.

Unlike some of letters that you have received I was not coerced into signing a document that I did not understand and I am fully aware of the cost involved. The cost has been explained in detail to all who will listen.

At this time I am fortunate to have to 2 homes in Hillcrest Bay so I would be hit extremely hard financially in this down economy. The one home is a rental and we have lost our renter and have not had any interest since. I wish I could stay with my original vote but due to my finances I must change it to NO!

Sincerely
